[www.bensyan.com/cars](http://www.bensyan.com/cars)

# Why Choose Electrical Vehicles

Audi has announced that it will phase out production of its last internal combustion engines (ICE) by 2033, with all new cars being all electric from 2026.

VW: To introduce 25 EVs in the US by 2030

BYD: To stop the production of fuel vehicles from March 2022

Volvo has outlined its plans to become a fully electric car company by 2030 and will launch a completely new family of electric cars in the coming years.

Porsche says four out of five of its new vehicle sale will be electric by 2030

Honda: To phase out gas cars, aiming for 100% electric vehicles in North America by 2040

Cadillac says NO MORE internal-combustion engine mode by 2030

Ford: Stop making gasoline-powered modes in 2030

Kia: To phase out combustion engines in Europe by 2035

# Our Advantage

[www.bensyan.com/cars](http://www.bensyan.com/cars)

## Multiple Selection

We have long-term cooperation with many vehicle brands to provide the latest vehicles in the market.

## Storage Advantages

Five domestic warehouses, as well as warehouses in Khorgos. Ensure rapid delivery of vehicles to all places.

## Transportation Safety

Complete vehicle protection transportation process to ensure that the vehicle is not damaged during transportation.

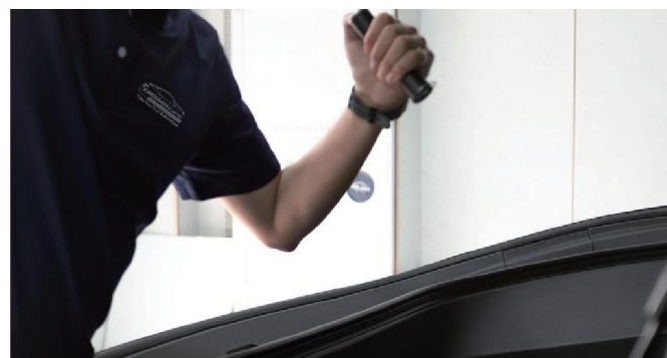

## Manufacturer Cooperation

Long-term supply vehicle contract with factory directly, annual contract wholesale price.

## Vehicle Protection

Protection measures. The manufacturer authorizes the vehicle to be unlocked for export and prevents the vehicle from being damaged during transportation.

## Technical & Accessories Support

Remote inspection of vehicle systems, supporting vehicle parts service from key adaptation to vehicle parts.

# Our Warehouse

[www.bensyan.com/cars](http://www.bensyan.com/cars)

Five domestic warehouses in Guangzhou, Shanghai, Tianjin, Hefei, Khorgos can ensure rapid delivery of vehicles to all places.
